SOME WANDERLUSTERS BARRED BY WEATHER

However, 105 Go on Hike, Covering Six Miles From Chevy Chase Circle.

"The weather man failed to co-operate with the wanderlusters fully yesterday and so the aim of a large crowd was defeated," says the "official" account of the wanderlusters for yesterday. "The fact that 105 did go on the walk, however, and many others were there to see us off, showed a great interest. The walk covered six miles between Chevy Chase Circle and Glen Echo post office going by way of Chevy Chase Club, Bradley lane, the water tower, thence of woods just west of Connecticut avenue to the Georgetown branch of the Baltimore and Ohio, which was followed for about a quarter of a mile, thenc across fields to Bethesda. From Be thesda a country lane on the west, bordered with beautiful cone-shaped cedars, was followed to Edgewood, where a stop at the springhouse was made. Just beyond and crossing the Bradley Hills line we came within a stone's throw of the Thanksgiving campfire site, then followed down, another almost abandoned lane to the farm of J. W. Owen and sons, where a stop was called.

"From the Owen farmstead a road across fields and pasture was the route to the river road, emerging just below the Glen Echo road, this last named road being followed to the destination. When spring arrives part of the walk at least will be repeated. The leader, Walter W. Paige, was assisted by W. B. Handy and others."

A meeting of the leaders and others who have the wanderlust movement at heart, is called for Wednesday evening at 8:30 o'clock at the residence of Miss Hord, 1404 Park road.

people who are aging. An epidemic of the grip o'er all the land is raging. The young men sneeze a while and laugh, and cough a while and snicker; the old men break themselves in half when coughing, and grow sicker. The young recover when they take of medicine a spoonful, the old men dope and still they ache, and life is grim and pruneful. The young lay off a half a day, when grip has sprung its warning, and they are back, serene and gay, to work, tomorrow morning.
